Registered professional visits in 2024 **10,362+**

WHY AGRO PACK IRAQ?

Iraq is the third largest importing country of food & beverage process and packaging technology in the Middle East

Between 2018 and 2023, Iraq's imports of food and beverage process and packaging technology increased with an annual growth rate of 21.8%, from €89m to €239m. This makes Iraq the third largest importing country of such technologies in the Middle East.

A clear signal of the political will to expand local food production and the „Made-in-Iraq“ trend.

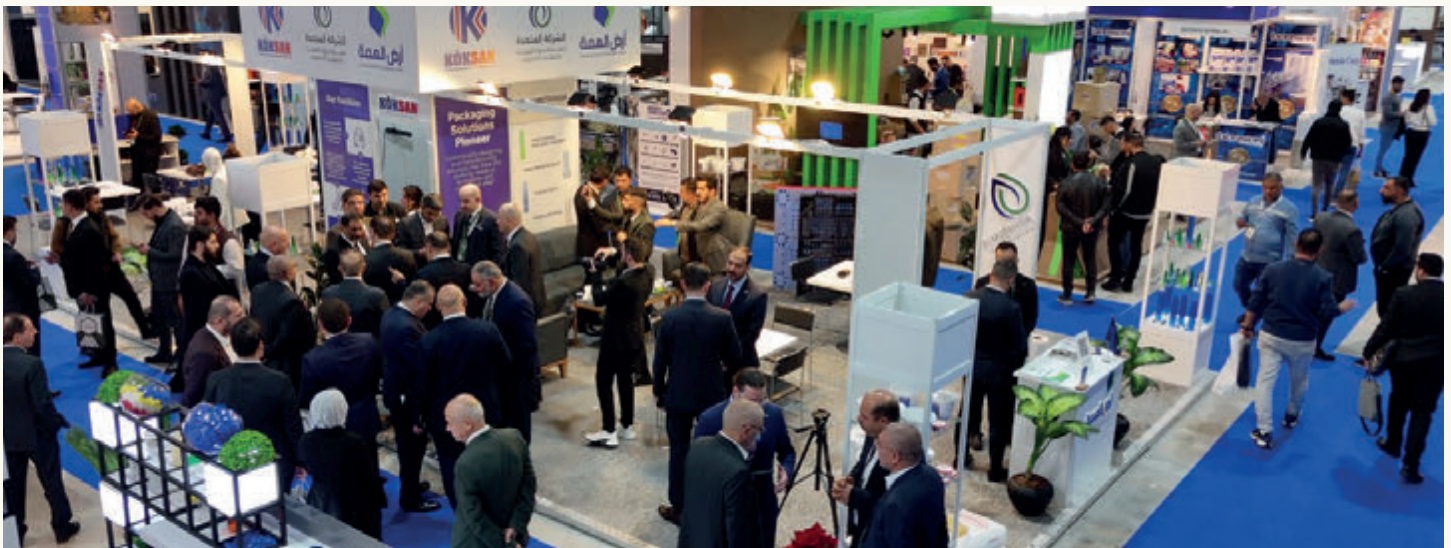

Revival of local food production and „Made-in Iraq“-trend; political will to expand local food production.

Opportunities in the food & beverage industry

Revival of local food production and „Made-in Iraq“-trend; political will to expand local food production.

Massive investments in processing and packaging equipment.

Medium-term development extremely promising.

ERBIL

Erbil, the capital of the Kurdistan Region of Iraq (KRI), is known as one of the oldest continuously inhabited cities in the world, with a history spanning 6,000 years. As Iraq's fourth largest city after Baghdad, Basra and Mosul, Erbil's rapidly growing economy, modern infrastructure and investment opportunities have made it one of the most important commercial hubs in the Middle East. It is also recognised as one of the most liveable cities in the Middle East.

Erbil, strategically located at the center of Kirkuk, Mosul, Sulaymaniyah, and Duhok, plays a key role in the development of the energy, construction, logistics, and trade sectors in northern Iraq by establishing strong commercial ties with neighboring countries. The city stands out as an attractive investment hub for international investors.

VENUE

Erbil International Fairground is located in the Sami Abdulrahman Park and has a **17,000 sq.m covered area with a cooling system and modern lighting.**
